Re: Commitment to participate in proposed Weber River Flow Measurement Project under WaterSMART Grant

Dear Ivan:

This letter affirms our agency's commitment to participate in the proposed Weber River Flow Measurement Project if funds become available, as is being requested, under a Bureau of Reclamation WaterSMART Grant. We anticipate participating in the installation of six telemetry stations on or near East Canyon Creek and in the rating of the Weber-Provo Canal spillway. The total estimated cost for these two components of the project is \$44,000, with our portion being \$22,000. Our portion will be supplied with in-kind labor and associated travel and overhead costs.

Sincerely,

A handwritten signature in black ink, appearing to read "Kent Jones", with a stylized flourish at the end.

Kent Jones, P.E.  
Utah State Engineer
